

NABIP Advocates for You

NABIP fights for the interests of its members at the state and federal levels of government to advance the health insurance industry and promote affordable and responsible private health insurance market solutions.

Why is our advocacy important?

As the issues encompassing our membership diversify and increase, our advocacy efforts remain a top priority for the association. We continue to position the interests of our members at the forefront with critical policymakers and opinion shapers.

How do we conduct advocacy efforts?

- NABIP's Washington, D.C. headquarters and our chapter presence in all 50 states provides ready connections with lawmakers, regulators at HHS and CMS, and state insurance commissioners.
- Our premier grassroots program, Operation Shout, puts you and your clients in touch with members of Congress.
- NABIP's Legislative Council, a coalition of representatives from across NABIP's regions, is primarily responsible for developing the formal positions that guide our legislative strategy.
- NABIP's PAC maximizes members' political impact by combining and deploying financial support to candidates who are proven champions of our industry.

A Legacy of Leadership

“NABIP is a trusted partner & advisor to policymakers, industry leaders, and healthcare consumers to shift the paradigm in the American healthcare system and uphold the role of agents and brokers within our communities.”

JESSICA BROOKS-WOODS | NABIP CEO
