**NABIP Notes U.S. Department of Justice Complaint
Involving Insurers and Online Brokerage Entities**

Washington, D.C. — The National Association of Benefits and Insurance Professionals (NABIP) is aware of the recent complaint filed by the U.S. Department of Justice under the False Claims Act, naming several national health insurance companies and online brokerage entities.

While NABIP does not comment on ongoing legal matters, we reaffirm our longstanding commitment to ethical conduct and consumer protection in the health insurance marketplace. NABIP supports good-faith actors who work to expand access to coverage, improve outcomes, and uphold integrity. We condemn business practices that exploit consumers or discriminate against vulnerable populations.

Our [Healthcare Bill of Rights](#) outlines the principles we believe are fundamental to a fair and functional health insurance marketplace—access to coverage, transparency, fair treatment, and ethical conduct.
