

Dear Members of the Selection Committee,

It is my honor, as the current Vice President of the South Jersey NABIP Chapter, to nominate my good friend and fellow board member, **Jessica Jones**, for the prestigious **Harold R. Gordon Memorial Award**. It is especially meaningful for me to submit this nomination as she has played an instrumental role in setting me up for success as the incoming President.

Jessica Jones exemplifies what it means to be a NABIP leader. Her dedication to the South Jersey chapter, thoughtful leadership, and commitment to the success of our members have made a lasting impact.

Jessica leads with professionalism, integrity, and a genuine passion for the benefits industry. She is highly deserving of this nomination.

As Vice President of the South Jersey NABIP chapter, I have had the opportunity to work closely with Jessica Jones and witness her leadership firsthand. When I first joined the board, Jessica and I brought very different personalities and perspectives to the table. While there was some initial skepticism, she remained open, thoughtful, and willing to listen. Over time, that openness became one of her greatest strengths as a leader.

Together, through candid conversations, mutual respect, and a shared commitment to the chapter, we have helped bring South Jersey NABIP back to life. That progress would not have been possible without Jessica's willingness to embrace differing viewpoints and collaborate in meaningful ways. Her ability to evolve, adapt, and lead with an open mind has fostered renewed energy, engagement, and momentum within the chapter.

Jessica leads with authenticity and humility. She doesn't pretend to have all the answers, and she genuinely listens, qualities that have made her not only an effective president, but a respected one. I'm incredibly proud of what we've built together and grateful for her leadership. Kudos to a truly open-minded president.

I am incredibly grateful for her leadership, proud to serve alongside her, and confident that her contributions reflect the very spirit of the Harold R. Gordon Memorial Award. Jessica is highly deserving of this recognition.

Thank you for your consideration.

Sincerely,

**Angelica Wilson**

Vice President, South Jersey NABIP Chapter  
Incoming President
