

THE FUTURE OF NABIP IS **CONNECTED**

One modern platform connecting our members, chapters and organization.

An Association Management System (AMS) is a comprehensive platform designed for membership organizations. Unlike a CRM, which typically focuses only on customer relationships, an AMS integrates membership, event registration, communications, payments, reporting and more — all in one system.

THE ROAD AHEAD

A STRONGER NABIP
FOR WHAT'S NEXT.

SAME MISSION. A STRONGER TOMORROW.
