Dear Gordon Memorial Award Committee,

It is my honor to support this nomination for Shirly Hutzler to be awarded the H.R. Gordon Award posthumously. Shirley Hutzler and I worked many years together for the good of our association on all levels, local, state and national. She loved this association and was always loyal to our cause for the benefit of our members and clients. Shirley was always there if someone needed her to mentor, assist or just strategize on their issues and/or goals for their position in our industry. She never knew a stranger and had a way with words for sure! Her time in volunteering many years and hours has surely helped us get to where we are today.

Memories of my precious friend flood my heart...we were Best Friends from the day we first said hello, and through all those many years. We shared happy times and sad times, mixed with funny times, her fabulous wit, personality and intelligence. Shirley blessed my life and many others...she was a leader, confidant, teacher, mentor and great best friend, I am so lucky to have loved this beautiful lady.

Thank you for the opportunity to share my thoughts with you.

Respectfully submitted,

Donna Carnall
