MAKING A DIFFERENCE

WORKING FOR A HEALTHIER NATION

What We Do

The National Association of Benefits and Insurance Professionals Foundation helps consumers and communities access and afford high-quality healthcare through education programs, targeted contributions and user-friendly tools.

Founded in 1980, the NABIP Foundation is a 501(c)(3) organization that has long been an important resource for educating the public concerning critical healthcare and health insurance issues.

Impactful Programs

The primary goal of the NABIP Foundation is to educate the public on healthcare and healthcare financing through private and public programs and provider initiatives.

The Foundation is involved with initiatives that expand access to healthcare through community health clinics.

Our work with the Robert Wood Johnson Foundation resulted in a highly-acclaimed webinar series on value-based benefit designs and greater efficiencies in payment for medical services.

Our brochures, videos and other materials address a range of important health issues ranging from mental health to the importance of medication adherence, and more.

We have created resources for Medicare beneficiaries as well as public programs like Medicaid and continue to look for opportunities to promote private healthcare financing through health insurance.

We're looking to mitigate the impact chronic conditions have on healthcare costs through educational programs and developing an innovative approach for surfacing new ideas and impactful programs to bend the healthcare cost-curve.

In short, we're working hard to make a difference!

SUPPORTING THE FOUNDATION

Making It Happen

The essential work of the NABIP Foundation is supported by contributions and grants from individuals, companies and foundations.

The NABIP Foundation recognizes and publicizes our individual and corporate donors:

Individual Donor Levels

- \$100 Supporter
- \$250 Friend

- \$1,000 Benefactor

Corporate Donor Levels

- \$2,500 Silver
- \$5,000 Gold
- \$10,000 Platinum
- \$25,000 Titanium
- \$50,000 Diamond

To make a tax-deductible contribution to the Foundation, please visit www.NABIPFOUNDATION.org or call **202-595-3696**.

THE FOUNDATION AND NABIP

DECADES OF COMMITMENT

The National Association of Benefits and Insurance Professionals was formed in 1930 and now represents over 100,000 licensed agents and brokers that have agreed to improve the ability of the public to access the most affordable healthcare.

In 1980, NABIP recognized that there was a great need for the public to understand health insurance coverage options, how wellness can aide in the affordability of that coverage and how healthcare is paid for and used in America. The result was the creation of the NABIP Foundation.

Today the NABIP Foundation works hard to educate brokers and the public on critical healthcare issues, as well as support the work of key partners in America's healthcare system.
